Dear Steina,

first of all we must tell you that we feel sorry for not having managed to realize an installation of yours during the festival this year. But the situation is very difficult (especially moneywise) so that we can't have all the pieces we would like to have. But Axel is going to be the curator for videoart at the New Art and Exhibition Hall of the FRG in Bonn. I'm sure there will be further possibilities of collaboration in the future.

As we have heard that you will be in Europe around the time of the festival, we would appreciate, inviting you to be an official member of the Videonale V festival jury this year. The other members of this jury are:

(Thomas Schmidt, awarded TV-producer; Valy Export, videoartist; videoartist; Rafael Baliña; organizer video-festival Cadiz/Spain).

The festival will take place in Bonn (Sept. 15 - 20). In the attached material you'll also find some informations about the program and the different locations.

If you are interested in participating, please inform us, so that we can arrange all the details.

Thank you very much for your interest in advance. I look forward to hearing from you at your earliest convenience.

sincerely

Dario Ghandi
