Dear Steina,

We would like very much for you to show your work at the Collective. I don't think it necessary to see the work in advance, we often like to be surprised. So, good that you have the equipment, cause we don't. We need to set a date let me suggest two, you choose one—or suggest another if they're both not good. —Sunday, November 21 or December 5th.

Also at some point send us what we should put in the mx brochure that we print up.

Hope to hear from you soon.

Sincerely,

Dear Woody & Steina,

I want to apologize for the fact that this is a form letter but it is the quickest way to communicate a message of urgency. We are presently in a very discouraging financial situation; funds must be immediately secured to maintain our programs.

We are sending this letter to people who we feel recognize the importance of the Collective. We are asking for letters of support which can be included in grant presentations. Your letters will be the most concrete way that we can prove our viability to often unsympathetic grant giving organizations. We cannot over-emphasize the value of your response.

Please put in writing whatever your experience with the Collective and its programs has been. The sooner we receive the letters the more effective they will be.

Feel free to call if you have any questions.

Thank you.

Ken Ross

Dear Steina,

Again, I really enjoyed your show. Number of people paid was 41. Total attendance about 59.

Thanks for your suggestion about video funding. I am aware of the popularity now of video with funding sources, but there seem to be many questions about it. Perhaps we could talk about it some time next time you're in town.

My best,

/Ken
Dear [Name]

The Collective has received a small grant to assist us in publishing the program notes that have accompanied many of the events that we have sponsored since our opening on September 28, 1973. According to our records, you had a show(s) at the Collective on

Dec. 31, 1975

Did you have program notes for this show(s)? If so, we would like to have two (2) copies of those notes: One (intact) for our archives, and another - which you may edit - for publication. If you did not prepare program notes at the time of your show but would like to have a statement included in the projected book, please send that to us as soon as possible.

We hope to be preparing the manuscript over the summer, so we need to hear from you very soon, but certainly no later than July 1, 1980.
Please take the few moments necessary to send us your existing program notes (with one copy revised, if you so choose). If none exist, please take the few more moments necessary to prepare a statement for inclusion in this publication.

Finally, we do plan to list distribution sources for films, so please include that information (how to rent your films and how much they cost, etc.).

Forgive the form-letter quality of this letter; we are trying to reach a great many people very quickly.

Hope to hear from you soon.
