Dear Vasulkas,

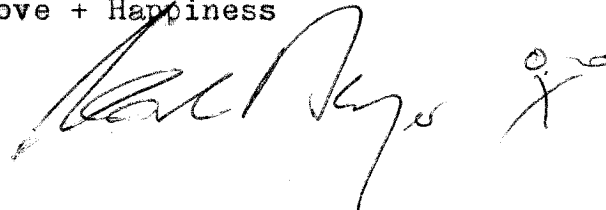

we are planning to be back by the third week of September and would like to start CM Studio activities beginning of October. I assume that we'll be able to use The Kitchen for a couple of hours per week on the basis that we contribute a proportionate part of the rent. In the beginning we would love to have one regular weeknight for concerts the same way we did in May, preferably on week~~end~~, and some daytime hours also preferably Saturday Sunday Monday Tuesday. Of course during the first two months there won't be that much time needed and while the thing is growing we can build it into other spaces and use The Kitchen only to the extent that we don't get in your way at all. It would be beautiful, however, and facilitate matters, if we could keep the concert date ~~steady~~ steady, like Saturday night or Friday night. I was also thinking of building a Sunday afternoon series of a different character, where kids may attend etc.

Right now we are on the island of Elba/Italy, did some concerts, and trying to set up conditions for a Vacation Studio in July/August of next year and the years to come. We did one in Heidelberg this year. Elba will be a most fantastic environment.

I must talk to you about all the video aspects of CMF activities, which I think there are quite a few.

In the meantime thanks to you all, and if you need to reach me before we are coming to New York, we'll be in Heidelberg until appr. Sept. 15 (This is a French typewriter and it is sure twisting me around).

Love + Happiness

69 Heidelberg, Handschuhsheimer Landstr. 96 W Germany
Tel. 471147

P.S. I'm looking for a (non-living?) loft studio preferably near the Mercer St. area. If you hear of anything..... Thanks, truly
