Dear Woody,

an international board of commissioners (Vittorio Fagone, d8, I; Bruce Ferguson, CDN; Wulf Herzogenrath, d8, FRG; Kathy Huffman, USA; Keigo Yamamoto, J; Barbara London, USA; Dorine Mignot, NL; Wolfgang Preikschat, d8; René Pulfer, CH; Biljana Tomic, YU) has selected some fifty tapes for the art videotheque of the DOCUMENTA 8 (June 12 - Sept. 20, 1987).

Among others your

"THE COMMISSION"

has been selected. As coordinator I ask you, if you agree on the participation in the documenta-videotheque. If you do, please help us with the catalogue by sending

a) a brief biography (including education, video works and awards to date)

b) a description of the video concerned.

The text should not exceed 60 lines of 38 spaces. We'd appreciate, if you'd name a recent publication (e.g. catalogue) which contains more detailed information about your work.

c) for photographic reproduction we need a copy of your tape beforehand (U-matic, low-band).

Please send everything to the above mentioned address. The material should not arrive later than January 31.

As for the conditions (nos. of copies, fees, artist's copy of catalogue etc.) and further procedures we'll inform you as soon as possible, but not later than end of January, beginning of February 1987, since final selections have to be made.

We anticipate your reply with much appreciation and remain

yours sincerely
