

LACPS

LOS ANGELES CENTER FOR PHOTOGRAPHIC STUDIES

814 SOUTH SPRING THIRD FLOOR LOS ANGELES CA 90014
(213) 623-9410

January 10, 1985

Dear Artist,

The Los Angeles Center for Photographic Studies is currently organizing a long range exhibition program beginning in the spring of 1985 and running through the fall of 1986. This schedule will highlight new and innovative work by established artists and work by emerging artists from all over the country. We are looking for artists working in photography and/or photography related processes, video, and photographic-based installations.

Your name was recommended to me as a possible exhibitor. If you are interested in having your work reviewed for this program, please send a sheet of up to 20 slides, a resume, and any other written statements about your work, along with a self-addressed stamped envelope. If you would like LACPS to add your slides to our slide registry, please indicate. We need these materials by March 1st.

LACPS has organized a screening panel of distinguished artists to review the work submitted and make recommendations to the exhibition committee, which will formulate the exhibition program. If you have any question, please feel free to call me (213) 623-9410.

Please send slides and materials to:

LACPS-R
814 S. SPRING STREET, 3RD FLOOR
LOS ANGELES, CA 90014

Sincerely,

Howard Spector, Executive Director
