Dear Steina,

Here's the down-and-dirty copy of MUSIC WITH BALLS, I send I'd send along. If there's ever a reason to get an exhibition level copy that could be arranged. The Pacific Film Archive now has the quad masters, as well as the 1" transfers.

I look forward to receiving information about your analog tape program. Though the resident artists are somewhat "dormant," the early community here has a strong connection to the pioneering efforts with analog manipulation--Beck, Eric Siegel for a time, Bill and Louise Etra for a time, Skip Sweeney, the National Center etc etc. I'd like to do a program honoring those early works.

Talk to you in early summer.

Sincerely,

Steve Seid
